IA. SITE ASSESSMENTS AND MEETINGS CONDUCTED

1. May 14-18 - TDY Advisor Kevin Cummings and Kazakhstan EXBS Program Manager Gulnara Abildaeva traveled to the Dostyk Customs Port and the Bakhty Border Crossing on the Kazakhstan-China border.

The EXBS team accompanied the representative from the Nuclear Technology Safety Center (NTSC) to Dostyk and Bakhty to conduct Border Site Assessments. As part of the assessment process, the EXBS team inspected all equipment donated by EXBS and reviewed port facilities, operations and procedures. The Border Guards do the majority of searches on the passenger trains and on the external area of all cargo trains- a function normally performed by customs in the United States and in most other countries. Both the Border Guards and Customs at Dostyk would like a site visit to a US rail entry port to understand the US inspection process at international rail facilities. Those assessment reports have been submitted to INS/ECC Country Lead Jeffrey Hartshorn.

¶2. Department of Energy Software Upgrades. May 14-25 - A representative of NTSC upgraded the software for the portable X-ray Fluorescence (XRF) metal analyzers provided to the Dostyk, Bakhty and Maikapchagai customs posts.

¶3. June 14-15 - TDY Advisor Jim Kelly and EXBS Program Assistant Oxana Limareva performed an assessment of the status and capabilities of the Kazakhstan Border Guards and Customs at the border posts of Zhana-Zhol and Kyzyl-Zhar along the Kazakh-Russian border. During the assessment the EXBS team also surveyed equipment donated to the Government of Kazakhstan under the Export Control and Related Border Security Assistance (EXBS) program, observed how Kazakhstan Customs and Border Guards officers conduct inspections of commercial trucks, and examined the commodities and vehicles crossing the border in both directions.

¶4. On June 19, the Ambassador, TDY EXBS Advisor, EXBS Program Manager and Chief of USAID Astana office attended a meeting with the

General Berkaliyev, first deputy director of the Border Guards Service stated that he looks forward to increased cooperation with the United States in the fight illegal activity.
